

"La marca de nacimiento no debilita al atleta."

"A birth-mark makes the athlete none the weaker."

To this information you are welcome. Last Friday night as I was choosing some of my favorite Van Dycks, the salesman said to me:

"I am pleased to see you pick those with the green and yellow spots. Some men do not wish such cigars; they think the spots a defect."

So I thought to myself, it is my duty to tell my audience what I know. A man is none the weaker for a birth-mark. A cigar is even better when it has these spots. It generally burns more sweetly.

Yellow spots come thus: Upon the growing tobacco plant the rain falls. After the shower, the warm Cuban sun swiftly dries the drops. On some leaves are left behind those yellow circles. It is a mere coincidence that these marks come most easily to the leaves which burn the best.

Greenish spots are found on much of the lighter tobacco. They tell nothing save that the leaf will burn more pleasantly than most.

And this is true of all cigars.

So I prize particularly those Van Dyck Cigars upon which I find here and there the spots of which I tell you.

MEDICAL BOARD RESIGNATIONS IN MYSTERY CLASS

Neither Governor Pinkham nor members of the board of medical examiners whose resignations have been asked to discuss today the governor's action nor the reasons behind it, which remain in mystery. The known fact is that Drs. George Herbert and E. D. Kilbourne have resigned and there is no board at present. R. W. Benz is on the mainland.

The Star-Bulletin was told that the article in the morning paper relative to medical affairs was wholly unauthorized and essentially incorrect. The reference to the address of Governor Pinkham to be given at the Japanese coronation banquet was wholly incorrect, as the address has nothing whatever to do with any questions involved, directly or indirectly, with the subject-matter of the article.

The report printed this morning that the action may concern treatment of army doctors could not be verified.

Army men, however, say that an army surgeon now here, of high qualifications, had been given a "tip" that if he went before the medical board he would be turned down, and that another army surgeon, who recently had charge of one of the big base hospitals, was "fucked" on examination by the board.

Dwelling on the point that an army surgeon could hardly be logically denied permission to practise outside army circles, the officer said: "Army surgeons graduate as other physicians do. Then they go to the Army Medical school for eight months. Then they pass the stiffest kind of examination. And every time they are promoted they pass another examination, so they have to keep well posted. To refuse a license to a surgeon who has charge of an army hospital is silly."

Officers of the Medical Corps, however, said that they have no reason to believe Governor Pinkham's action in asking for the resignation of all members of the examining board was connected with the board's treatment of army men.

BUTTOLPH MADE MEN'S CLUB HEAD FOR NEXT YEAR

At the annual meeting of the Men's Club of St. Andrew's Cathedral parish last night in the parish house G. H. Buttolph was elected president of the organization for the ensuing year. L. Tenney Peck was elected vice-president; W. H. Soper, secretary; and John Lennox, treasurer. Directors elected at the meeting were Rev. Canon William Ault, James Wakefield and Dr. W. L. Moore. These, with the club's officers, constitute the board of directors.

Monday night, November 15, the club will hold a smoker and social evening in the University Club, to which all members are invited. The club is one of the most active churchmen's organizations in Honolulu and its membership is gaining at a creditable rate.

MORNING ON CHANGE

Olas began another upward movement this morning, the stock selling freely at 7 1/2 after having been stationary at 7 for more than a week. McBryde, on the contrary, slumped one-eighth, though the two stocks have heretofore moved up or down in unison. A gain of one-quarter has been made on Oahu sugar. Those three stocks, with Onomea, Ewa and Waiatua at unchanged figures, have made up the bulk of the trading for the last 24 hours.

SEWER PUMPING STATION BIDS DESIRED SOON

Complete plans and specifications for furnishing and installing improvements to the sewer pumping station at Kakaako were adopted this morning at a meeting of the Oahu Loan Fund Commission held in the Capitol. Secretary E. G. Duisenberg was instructed to call for bids.

Bids will also be called for the Punalu sewer extension as soon as the plans and specifications read this morning have been approved by the attorney-general.

As a time limit for contractors, 90 days after award of contract, has been decided upon by the commissioners, a penalty of \$25 a day to be fixed in case the contractor does not get his equipment installed in the three months' period.

It is planned to hold another meeting of the commission in a few days, as considerable work is in need of attention, and both Chairman Charles R. Forbes and Secretary Duisenberg are to leave soon for the mainland.

DOCTORS OF HAWAII OPEN TWENTY-FOURTH MEETING TOMORROW

Promptly at 2:30 o'clock tomorrow afternoon the twenty-fourth annual meeting of the Medical Society of Hawaii will convene in the bungalow in the capitol grounds. Three business sessions will be held: one on Saturday afternoon, one on Saturday evening and a third on Monday afternoon. On Sunday morning a clinic will be held at the department hospital at Fort Shafter, beginning at 9 o'clock. In the afternoon, a picnic will be held at the beach home of Dr. A. G. Hodgins. The annual banquet will be held at 8 o'clock Monday evening at the Country Club.

BULL FIGHTS END IN MEXICO UNDER CARRANZA REPORT

LOS ANGELES, Cal.—Venustiano Carranza, head of the de facto government in Mexico, is going to encourage the American game of baseball in the republic as a substitute for bull fights and other diversions along the border, according to Adolfo Carrillo, his consular agent here. Carranza, Carrillo said, will shut

down on border iniquities as practised at Juarez, Mexicali, Tijuana and other border towns and will not recognize race tracks or Monte Carlos, or concessions thereof.

"Your American game of baseball will be encouraged instead," the agent said.
